

# Famous Faces

**As historians** we will learn about life in the Victorian era including what it was like to be a Victorian school child.

**As mathematicians** we will be using the four operations: addition, subtraction, multiplication and division to solve a variety of calculations and problems.

**As scientists** we will meet Beatrix Potter and learn more about plants and nature.

**In D&T:** We will meet Isambard Kingdom Brunel and learn about how engineering has changed our world.

**In IT** we will discover more about Mark Zuckerberg and meet the character 'Dot.' who teaches us all about balancing our online and offline activities.

**The Big Idea:** Using our magic key, we will unlock portraits of many famous faces. Through these pictures, we will learn more about famous scientists, historical characters and musicians.

**As language Specialists** we will look at more famous faces and write biographies about some of the people we have met. We will also look at famous characters and write some character descriptions.

**As artists** we will be looking at images of famous people and learning how to use a sketch pad to explore our ideas and thought processes.

**As geographers** we will meet the Queen and find out more about the countries that make up the United Kingdom.

## **Global Care**

We will learn about how to grow and care for plants.

## **Independence**

We will talk about people that we find inspiring and the reasons that they inspire us.

## **Respect**

We will learn about people from all walks of life and how they have each contributed to society.

## **Resilience**

We will learn how our famous faces have overcome challenges and set our own goals.
