

Keen to be Green

As historians we will be learning more about a real life super hero by the name of Grace Darling. We will make links with the local lifeboat centre and the famous story of the Titanic.

As mathematicians: We will be exploring how fractions can be used to divide shapes and amounts. We will be using our addition and subtraction skills to problem solve using money. We will explore measures such as litres.

As scientists we will be investigating the lifecycle of a plant and how to grow and care for our own plants. We will be looking at the needs of animals including their habitat and food chain.

In D&T we will be designing and making our own fruity drinks.

Knowledge of the World
We will learn the impact that litter has on our world. We will also learn more about how to care for our environment and appreciate the nature around us.

The Big Idea: Join Fantastic Mr Fox and Eco Zico as we go on a learning adventure to saving the planet. We will explore how to grow our own plants and food as well as designing and mapping our own gardens. We will also discover a famous artist's garden in France.

As language Specialists we will be exploring the story and characters of Fantastic Mr Fox. We will be writing instructions to help Mr Fox, reports about nocturnal animals and using Roald Dahl as an inspiration for our own narratives. We will also meet Eco Zico, the environmental superhero and write diary entries from his point of view.

In IT we will be using technology to take and edit photographs of the environment. We will catch wildlife in action and capture the beauty of our surroundings.

As artists we will be looking at artwork by the famous artist, Monet. We will use skills and techniques used by this famous painter to create paintings of our own gardens. We will sculpt statues for our gardens based on animals.

As geographers we will be mapping our own outdoor areas (such as gardens and farms) using a key to show important features.

The Arts and Sports
We will be learning some of the benefits of yoga. In preparation for sports day, we will also take part in some outdoor athletics lessons.

Enrichment
This term, we will be able to experience camping on our school field. We will learn lots of teambuilding skills including putting up our own tents and cooking.
